A Message From Event Organiser Jamie Daly

On behalf of the Moyross Charity Events Committee I bid you a warm welcome to Shelbourne Park for this historical Charity Cup Match.

As it is the first time that the Moyross Community has held such an event, I would like to give you a rough profile of myself.

I have been involved in running tournaments in Moyross for the past 12-years but this is the biggest challenge and charity event that I have ever been involved in as a player, spectator and organiser.

I hope everyone will enjoy the day, have fun and help funds for both the Irish Cancer Society and Special Olympics Ireland

I would like to thank the Franciscan Friars of the Renewal (affectionately known as the Moyross Monks), An Garda Síochána, Paul Foley of Limerick City Council, Michael O'Kelly of the Northside Regeneration Agency and Robbie of JJ Kenneally Jewellers for donating the fabulous cup.

I would also like to thank Limerick F.C., Shelbourne F.C. for use of the pitch, Ballynanty Rovers, Bobby Ryan, Hassett's Sports Bar.

Finally, I would like to specially thank my farther Tommy Daly and the Moyross Residents' Alliance for sponsoring this event, which would not have happened without their support.

Thanks for coming, have fun, enjoy the day and don't forget to dig deep for the Irish Cancer Society and Special Olympics Ireland.

Jamie Daly
Chairman
Moyross Charity Events Committee

A Message From Event Organiser Andrew Keogh

Hi, my name is Andrew Keogh of the Limerick Referee Society and I would like to thank Jamie Daly and Dean Quinn for asking me to get involved in this event.

I got involved in this event in memory of my mother, Julianne Keogh, who passed away from cancer in June 2005.

I would like to thank everyone that sponsored this match programme, sold sponsor cards and all who are here today. Enjoy the day and have fun.

**Andrew Keogh
Vice-Chairman**

Moyross Charity Events Committee

A Message From Event Organiser Dean Quinn

Hi, Dean Quinn here. I would like to give special thanks Jamie Daly and Andrew Keogh for asking me to get involved in organising this historical event.

I am Secretary of Moyross United and I have been involved in tournaments for years in the Moyross Community but this the largest event I have ever been involved in.

I would like to thank Moyross United, Hassett's Sports Bar, the Moyross Residents Alliance and everyone that donated funds to these two great charities – Special Olympics Ireland and the Irish Cancer Society. Enjoy the day!

**Dean Quinn
PRO**

Moyross Charity Events Committee

A Message from The Mayor of Limerick City Cllr. Kevin Kiely

As Mayor of Limerick, I would like to congratulate Moyross United FC and all who have put so much work into the organisation of the charity soccer match between An Gardai and the Franciscan Monks. I have no doubt it will be a great sporting occasion and an enjoyable day for the community of Moyross.

The event will raise funds for the Special Olympics and Irish Cancer Research and my thanks and congratulations to the Committee, players and sponsors for your dedication and support of these charities. Well done to all.

The level of voluntary community work is something which has always been evident in Moyross and I would like to pay special tribute to the people who give so freely and generously of their time in this regard. Long may the good work continue.

I look forward to an enjoyable match – good luck to all.

**Cllr. Kevin Kiely,
Mayor of Limerick.**

Best Wishes from
Limerick Football Club
Dedicated to Excellence
supporting the
Moyross Charity Event

Today's game will be a game to remember. It's wonderful to see such a creative and positive way of raising money for Irish Cancer Research, and the Special Olympics. It's also a great way of promoting sport in Moyross and I'm really looking forward to see Bobby Ryan play on his home turf again – he's shown that persistence, hard work (and of course not a little talent) will bring any rising football star a long way.

I hope that Limerick FC is providing the opportunity to bring the talent that our young soccer players have to a larger audience, and give them a chance to shine. The city is still some way off having the amount of facilities it needs to provide all young people with the opportunity to play sport.

The new astroturf pitch in Moyross provided by the Northside Regeneration is only the start of what is needed. Every new supporter in Limerick, whether it's a local business or a fan, brings more financial support, which can be invested back into the facilities and support structures needed to nurture these young talents.

Thank you to the Franciscan Friars, the Gardaí and Jamie Daly for organising what will be a memorable football display and a great day out for all those who attend. We fully support, and will provide any assistance we can to bring structures to the local community.

A Message From Tommy Daly

On behalf of the Moyross Residents' Alliance (MRA) I would like to welcome you here today and thank you for supporting this Charity Cup Match. Have fun and enjoy the day.

I would like to thank my son Jamie for all his efforts on behalf of the Moyross Community, his coaching of Moyross United, his work with the MRA and for organising this charity event. Well done son.

I would also like to thank Cathal McCarthy of Limerick Regeneration Watch for his support and assistance.

Article 40.3.2°: "The State shall, in particular, by its laws protect as best it may from unjust attack and, in the case of injustice done, vindicate the life, person, good name, and property rights of every citizen." - **Constitution of Ireland**

Many people living in some of our estates are not adequately protected by the State and are living in fear. This is especially true in regeneration areas. The dedicated Garda service promised for regeneration areas in the *Fitzgerald Report* never happened and far from restoring "*confidence and stability in the communities*" a culture of fear still exists and many vulnerable people feel that they have no choice but to leave. All residents have rights and should be given the following options:

If you are a Limerick City Council tenant:

Unfortunately, as a tenant you have little say about the demolition of your home. However, you have legal rights and must be offered a new home in the area or a home in another location acceptable to you, under the same terms of tenancy. You must also be compensated for any improvements you have made to your home during your tenancy; 'like for like'. If this involves temporary displacement, you must conclude a legal agreement with both Limerick City Council and the Regeneration Agency assuring you of a home in the area within an acceptable and reasonable time, if this is your wish.

If you are a home owner:

You must be offered a home in the area in exchange for your existing house. Your new home should be at least the same size, if not bigger than your existing home, and should be built on the same area of land. For example: If your existing home stands on a quarter acre of land, then your new home should be built on a quarter acre of land; 'like for like'. You may be required or decide to relocate, if so, you must be given the means to secure a new home by Limerick City Council or the Regeneration Agency, by purchasing your home at a value that reflects the value of a new house within the redeveloped area or by purchasing a house on your behalf in exchange for the deeds of your home – deeds for deeds.

Do not entertain any proposal involving "*existing market rates*". Threats of compulsory purchase should be ignored, you are still entitled to 'like for like'. All offers must be made in writing, which should be approved by your solicitor before you agree to the terms. Don't sign anything without consulting your solicitor. Remember demand 'like for like' - it is your right.

Limerick Regeneration Watch is a voluntary organisation made up of residents from regeneration areas. We aim to empower all residents to take ownership of the regeneration process and ensure that our rights are safeguarded. People have a right to live in a clean, safe and secure environment while we await regeneration.
